Archmodels Evermotion Vol 1 100 Models of Furnitures & Chairs Free.Q: X-editable plugin and jquery AJAX not updating at server side I am using x-editable plugin for textbox edit functionality. I am doing it as a part of a form using jquery AJAX for submission, but the problem is, data is not being sent to the server. Here is my code: My form: Item Name: Enter the item name jQuery: \$(document).ready(function(){ var url = "create_item.php"; \$('#create_item_form').editable(); \$('#create_item_form').on('change', function() { \$.ajax({ url: url, method: 'POST', data: \$('#create_item_form').serialize(), success: function(response){ alert(response); } }); }); }); php: So, When I am typing something in the textbox, after hitting ENTER, it does not change the textbox value 82138339de
